BUDDY BENCH COMING SOON...

We are very excited to announce that the folks at our local **Kal Tire on Runnel Drive** has generously sponsored a Buddy Bench for Walton. We hope to have the Buddy Bench installed before the end of the school year.

What is a Buddy Bench? It is a simple idea of using a bench to eliminate loneliness and foster friendship on the playground.

If you want to learn more about how it all started, you can read about it at <http://buddybench.org>.

HELLO, WALTON GRADE FOUR PARENTS

In order to continue our efforts in keeping safe students and their families on the streets when walking to or from our school, we introduced the BCAA's traffic safety patrollers program at Walton in 2012/2013. Grade five students have a chance to help their community, show leadership, be role models and work together in a team when they become student traffic patrollers, helping other children and their families to cross Walton Avenue safely.

Participating grade five students are carefully trained toward the end of grade four and will have to demonstrate they understand the

content of the training program manual before they go out on the street. The children will receive high visibility clothing, hand held stop signs, signalling whistles and a manual detailing their duties. The Traffic Safety Coordinator will closely monitor and supervise the patroller teams' performance and success.

In order for this program to be successful, we do need a parent to volunteer as the Traffic Safety Coordinator for next year.

This position has four main duties: working with this year's Traffic Safety Coordinator to train next year's student traffic patrollers,

coordinating between BCAA and Walton administration to ensure we get the supplies we need for next year, establishing a schedule for the student traffic patrollers, and helping to train the following year's

Traffic Safety Coordinator.

For more information, you are welcome to contact this year's Traffic Safety Coordinator Zac Jacobson by email zacjacobson@hotmail.com, or stop by the crosswalk before the morning bell on most Thursdays where he'll be wearing a high-visibility vest.

Thank-you!
